

## **President's Message**

Our organization continues to grow. Dick Rada has been most successful in recruiting new members. As of the end of July, 1976, the AAPL had achieved a total membership of 453.

Loren Roth and his collaborators have issued a consistently interesting and informative Newsletter. We urge all of you to send him newsworthy items for publication.

At this time of writing, I am still looking forward to the October meeting in San Francisco and hoping to see as many of you there as can possibly attend. Our committees are working on the planning of educational meetings in various parts of the country. Such sessions are an increasingly important part of our scientific activities. Please express your preferences for topics and scheduling.

I now look forward to seeing you in October; I hope that, by the time you read this, you will have experienced an enjoyable and profitable meeting.

G. J. Sarwer-Foner, M.D.  
President,  
American Academy of Psychiatry & the Law
